Developed new donor pipelines totaling more than \$1M

Constructed grant proposals worth more than \$500K

Curated 250+ new funding opportunities

50+ meetings with major donors and foundation leadership

PARTNER TESTIMONIALS

"Working with Parkes Philanthropy was a pleasure. They took their time to understand College Lingual as an organization and its specific needs. They facilitated connections with other organizations and agencies which share similar missions and objectives as College Lingual. With their research we were able to plan for the future of College Lingual, and we were also able to build lasting relationships with other companies and individuals who share our vision."

Jemima Laurent, CEO, College Lingual

"[Parkes' Consultants] went above and beyond to connect me with many resources that I needed. [They] provided much needed guidance and insight into fundraising and how I can use the fundraising/philanthropic field to effect change in the community. I would highly recommend a consultation with [Parkes Philanthropy]."
